WHAT DO YOU KNOW ABOUT THE MAN WHO RUNS CHINA?

'Xi is determined to reshape China and bring it into the centre of the international stage. We all feel these profound changes, but few of us have the ability to step back, put Xi in perspective, analyse his rise, and guess where Xi will take us. Kerry Brown has it, and he delivers.

This book provides an excellent account of Xi's rise, his visions, his determination, and the future he is making for China and for the world.

All who are interested in China and its global role should read it.'

YONGNIAN ZHENG, DIRECTOR OF THE EAST ASIAN INSTITUTE, NATIONAL UNIVERSITY OF SINGAPORE

'Kerry Brown is one of our most perceptive
and accurate foreign observers of China'

JOHN SIMPSON, BBC

'*CEO, China* is a thoughtful and thought-provoking study of China's current leader... A fascinating glimpse into the workings of the Chinese leadership.'

FRANK CHING, FIRST BUREAU CHIEF IN BEIJING FOR THE
WALL STREET JOURNAL AND AUTHOR OF *ANCESTORS*

'A necessary read for anyone who thinks about China, which is most of us these days... Kerry Brown's book is very timely, thorough and insightful, and gives some of the prevailing orthodoxies a bit of an overdue nudge. A lot of the commentary about Xi to date has been fairly trite; this book isn't.'

CLINTON DINES, FORMER CEO OF BHP BILLITON IN CHINA AND AN EXPERT ON CHINESE BUSINESS
